### Shorten and manage your links efficiently

Have a deeper analysis on all the important information on your links

#### Shorten Links

Shorten long URLs into short and precise links that are manageable and usable. Post the short links on social media or on your own websites

#### Manage Links

View all your links in one place. All links are sorted by number of visits. Delete links that you no longer need

#### Analyze Audience

XLNK provides you with useful insights to analyze audience. Track visits for location, browser, or platform.

**Impressed? We know! Lets shorten your important URLs now**
